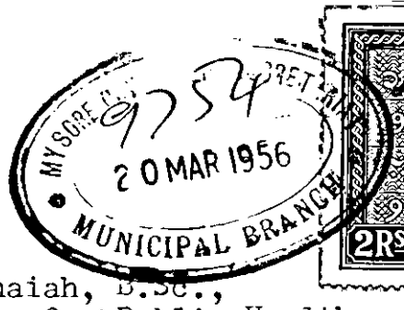
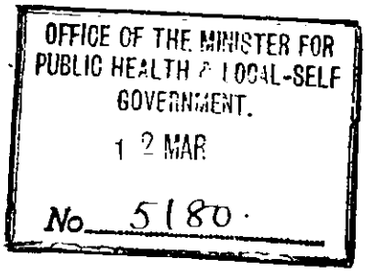
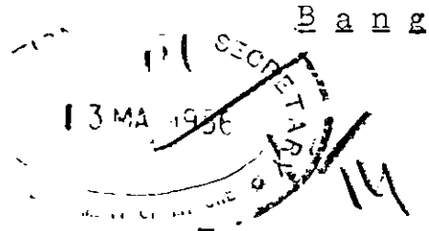
Note.—Contin. Sheet





To

Sri T. Channaiah, B.Sc.,
Minister for Public Health
& Local Self Government,
Bangalore.



Sir,

We the undersigned Gardeners cultivating land on both sides of the main drain from Shivaji Talkies upto Koramangala Tank bund in Bangalore submit the following few lines for your kind consideration and early favourable orders.

Gardening has been the main occupation for most of us as in the case of our ancestors. In Bangalore, so far, about -- 1000 acres of garden land has been acquired for extending the City and no arrangements have been made to provide facilities to dispossessed gardeners. Thousands of useful gardeners were - forced to take up wage earning occupations with the result our City has to depend on imported vegetables, fruits, etc. The Government can even now come to the help of needy gardeners and make our City self-supporting in this respect also.

From a long time sewage water was being utilised for irrigating the gardens in the said area. In the Government Order No.L.344-Ml. dated 17.7.1941 and in the letter No.L.8924 dated 20.6.1941 the then Municipal Commissioner, Bangalore City was instructed to the effect that 'they (meaning Gardeners) may be permitted to use the sewage water till their lands are actually acquired by the City Municipality'. Since then the gardeners have been utilising the sewage water flowing in the shallow channel at the centre of the main drain. The vegetables, fruits etc. grown in these gardens are daily supplied to the Corporation Markets of Bangalore.

We are perturbed to learn that the said Government Order of 17.7.1941 has been recently anulled by another Government -- Order No.L.14942-6/CM.119-54-2 dated 12.3.1955. In this order,

(2)

we learn, under the pretext of 'Mosquito Nuisance' the gardeners are directed not to use sewage water for agricultural purposes. We submit that the Benign Government should have given us an opportunity to present our case before passing an order directing the Commissioner to take immediate action to prevent us from using sewage water for our gardens.

Our information is that there are about 80 owners and 100 leaseholders cultivating lands in the above mentioned area. The entire area comprises of about 90 sewage wells measuring, more or less, 3 ft. in diameter. From these, not very deep wells, sewage water is being lifted daily in semi-circular buckets. Thus the gardens are being irrigated and the sewage water is absorbed by the soil leaving no time for the mosquitoes to develop. We believe that mosquitoes are bred in pools which are <u>not disturbed</u> for at least few days, The sewage wells in this area are kept in daily use, the water is disturbed every day and there is no reason to believe that these wells are the sources of mosquito breeding.

We respectfully submit that the Health Authorities concerned should trace out the real sources of mosquito nuisance instead of blaming the useful gardens within the city limits.

We may also be permitted to invite your kind attention to Five Year Plans and the schemes therein directing the State Governments to encourage gardening of vegetables, fruits etc. so that balanced diet may be made available for every person in Mysore and India.

Under these circumstances we pray that the above mentioned Government Order dated 12th March 1955 be kindly cancelled or be withdrawn in the interest of gardeners who are employed in supplying nutritious vegetables and fruits. The gardeners in the said area may kindly be allowed to use the meagre supply of sewage water

(2)

for purposes of gardening.

For this kind act of yours all members of Gardening Community shall ever remain grateful to your goodself.

Thanking you,

Yours faithfully,

To

(12)

Sri K.Hanumanthiah, B.A.,LL.B.,
Hon'ble Chief Minister of Mysore,
B a n g a l o r e.

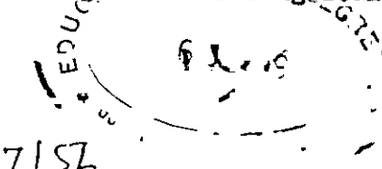
Sir,

-We the undersigned Gardeners cultivating land on both sides of the main drain from Shivaji Talkies upto Koramangala Tank bund in Bangalore submit the following few lines for your kind consideration and early favourable orders.

Gardening has been the main occupation for most of us as in the case of our ancestors. In Bangalore, so far, about 1000 acres of garden land has been acquired for extending the City and no arrangements have been made to provide facilities to dispossessed gardeners. Thousands of useful gardeners were forced to take up wage earning occupations with the result our City has to depend on imported vegetables, fruits, etc. The Government can even now come to the help of needy gardeners and make our City self-supporting in this respect also.

From a long time sewage water was being utilised for irrigating the gardens in the said area. In the Government Order No.L.344-Ml. dated 17.7.1941 and in the letter No.L.8924 dated 20.6.1941 the then Municipal Commissioner, Bangalore City was instructed to the effect that 'they (meaning Gardeners) may be permitted to use the sewage water till their lands are actually acquired by the City Municipality'. Since then the gardeners have been utilising the sewage water flowing in the shallow channel at the centre of the main drain. The vegetables, fruits etc. grown in these gardens are daily supplied to the Corporation Markets of Bangalore.

We are perturbed to learn that the said Government Order of 17.7.1941 has been recently annulled by another Government Order No. L.14942-6/CM.119-54-2 dated 12.3.1955. In this order, we learn, under the pretext of 'Mosquito Nuisance' the gardeners are directed not to use sewage water for agricultural purposes. We submit that



4 SW 5-7-56 L.S.G. minister

L.S.G. Secy. I have discussed with the Commr, DPH & Health Officer. The petitioners have also agreed to execute an agreement to cultivate lands at Koramangala Atchkat. The Commr may take such action as is necessary in this behalf.
